To Whom It May Concern

**Testimonial to Mr. Zackiee Ng**

When my son was born in February this year, as a father, I think that when my son grows up, he will learn right from wrong, good from evil; and he will take his stand in his life, and not only he needs intellectual strength, but also the dexterity to protect his life, and his loved ones'. I, as a father, needs to stay connected with him, to let him know that I love and care about him dearly. This is the true reason that I wanted to learn from Zackiee.

And without reserve, Zackiee taught me everything that is MUST to LEARN in order to protect myself; Zackiee's skills and knowledge of Martial Arts is fantastic, and his methodology of Personal Training is educative, informative; he is the only master instructing me to write notes after each session, so I can reflect and reinforce my understanding of Martial Arts; and without any doubt, he has shaped MA to a level of New Concept, of Design; I learnt all new skills, knowledge about Self-defence, and MA, and most importantly, Zackiee gave me a new level of thinking of MA. Zackiee is truly a Master of Martial Arts.

Thank you, Zackiee. Because of you, I have the competence to facilitate the MA Concept to my son, and hopefully, when he is a grown up, he can understand, live and breathe life into your Style of Martial Arts.

I am very happy to come to know Zackiee, and I would like to wish him all the very best in his life and work. I am confident that Zackiee will bring great value to anyone and any organization.

Sincerely,

Paul Liu

Learning and Development Manager
